2801 Hillside Dr., Delafield, WI 53018

**262.395.1162**

*Indoor swimming pool  
Located near Hwy 83 & I-94*

### LAKE COUNTRY COUNTY TRAIL - 15.6 MILES

Trail runs from the western edge of Waukesha to Oconomowoc in Wisconsin's Lake Country area. Most of the trail was built on a former Milwaukee-Watertown Interurban Railway right-of-way with views of farmland and rolling hills. Occasionally, you can catch glimpses of Pewaukee Lake and Upper Nemahbin Lake from the tops of some of the taller hills.

There are a few on-road stretches along the way, including in the quaint downtown area of Delafield. The popular Naga-Wauke Park and Naga-Wauke War Memorial Golf Course are located along the trail just to the east of the town. Visit the park to enjoy swimming, boating and fishing in Nagawicka Lake.

#### 1 Parking and Trail Access

Parking and restrooms can be found at the Delafield Fish Hatchery on Main Street, a trailhead on Delafield Road at the western edge of Upper Nemahbin Lake or to the east at Naga-Wauke Park from Hwy 83.

### PAUL SANDGREN RECREATIONAL TRAIL - 2.9 MILES

Cushing Park Road Recreation Trail is Delafield's newest bike trail, nicknamed "The Connector." This paved trail follows Cushing Park Road in Delafield south and provides an off-road connection between the Lake Country Recreation Trail and the Glacial Drumlin State Trail. This trail also provides entry into the Lapham Peak unit trails of the Kettle Moraine State Park as well as the Ice Age Trail. It joins the Glacial Drumlin State Trail at Hwy 18.

#### 2 Parking and Trail Access

Parking and restrooms are available at Cushing Memorial Park, which is 0.1 miles north of Main Street or at Lapham Peak Unit of the Kettle Moraine Forest.

### GLACIAL DRUMLIN STATE TRAIL - 3.4 MILES

The Glacial Drumlin State Trail is one of Wisconsin's most famous trails covering 52 miles of glacial landscapes. The paved Delafield segment of the trail is 3.4 miles and begins at Hwy 18 and Hwy 83 and ends at Waterville Road in Dousman. This trail has relatively few changes in elevation and is suitable for beginner cyclists.

#### 3 Parking and Trail Access

Parking available at Hwy 18 and Hwy 83 in Delafield or on Kettle Moraine Scenic Dr., Hwy 18 in Dousman.

*A State Trail Pass is required for biking on the Glacial Drumlin State Trail but is not required for walking or hiking. Trail passes can be purchased online at [dnr.wi](http://dnr.wi), Lapham Peak or at self-registration.*

### VETERAN'S MEMORIAL RIVERWALK - .7 MILES

This scenic walkway is located 0.1 miles north of the Ice Age and Lake Country Recreational trails and runs alongside the Bark River, marked with 10 memorial sites honoring veterans from major U.S. conflicts. The walk begins on the eastern end as it passes through wooded areas alongside the Bark River and crosses a bridge leading to the Delafield Fish Hatchery. As you reach the western end of the Veteran's Memorial Riverwalk, it follows elevated boardwalks through cattails and marshland before ending at Cushing Memorial Park in Delafield where an elaborate wooden playground and restrooms can be found.

#### 4 Parking and Trail Access

Handicap-accessible parking for the Lake Veteran's Memorial Riverwalk is available at the trail's main entryway in Delafield—the Fish Hatchery Building on 417 Main Street.

To follow the path chronologically, enter the trail on the eastern end near St. John's Park where the Bark River flows from Nagawicka Lake.

### ICE AGE NATIONAL SCENIC TRAIL - 11.3 MILES

#### 421 MAIN STREET

Two beautiful segments of the nearly 1,200-mile route are located in the Delafield Area. The 3.5-mile Delafield Segment of the trail marked with yellow blazes is shared by the Lake Country Recreation Trail. Take the Lake Country Recreation Trail west toward downtown Delafield and continue west past the Delafield Fish Hatchery on Main Street. Turn left on N. Cushing Park Road for 0.5 mi. as you enter the 7.8-mile Lapham Peak Segment of the trail. Here you can continue on foot or you can follow the paved Paul Sandgren Recreational Trail on bike for another 2.5 miles to Hwy 18. Leaving the Lapham Peak Unit, the Ice Age Trail Crosses Hwy 18 and connects with the Glacial Drumlin State Trail.

#### 5 Parking and Trail Access

Parking for the Ice Age Trail can be found at the Naga-Wauke Park-and-Ride on the west side of Hwy 83, the Delafield Fish Hatchery on the north side of Main Street, or at Cushing Memorial Park, on Cushing Park Road, 0.1 miles north of Main Street.

For neighborhood pathways, see separate map on [visitdelafield.org/media](http://visitdelafield.org/media).
